

REHAU HERITAGE VERTICAL SLIDING WINDOW

A NEW LEASE OF LIFE

REHAU HERITAGE VERTICAL SLIDING WINDOW

TRADITIONAL DESIGN... MODERN BENEFITS

The REHAU Heritage Vertical Sliding Window system is designed to incorporate all the desirable, traditional features of an authentic sash window but with all the additional benefits and conveniences of modern PVC-U.

Established in 1948, the REHAU name is synonymous with design innovation and quality of manufacturing. This makes the REHAU Heritage Vertical Sliding Windows the most distinctive and authentic-looking PVC-U sash window system available on the UK market.

All REHAU products are designed, built and tested to strict REHAU and industry guidelines.

COMPLEMENT THE STYLE OF YOUR HOME

REHAU HERITAGE VERTICAL SLIDING WINDOW

PRESERVING OUR HERITAGE

We know the appearance of your home is very important to you. When considering replacement windows, you need to be sure that they will look just right and complement the style of your home. This is particularly important if you live in either a period house or a conservation area.

REHAU Heritage Windows have already been approved and installed successfully in conservation areas across the UK and the Republic of Ireland.

They are designed with all the traditional detailing found in period windows, such as a deep bottom rail, slim sashes and an optional Georgian bar. Classic style brass catches and optional decorative horns replicate the traditional timber aesthetics to complete the effect.

REHAU Heritage Vertical Sliding Sash Windows are available in a variety of sizes and colours, which means that our windows are suitable for any style of home

and shape of window. The slim sash is designed specifically to replicate the more elegant sightlines of traditional wooden windows. Available in a choice of Classic White, Soft Cream, Rich Rosewood or Warm Golden Oak.

When you choose sash windows that are designed and fabricated from REHAU profiles, quality assurance is guaranteed. Our windows are well-balanced, so they won't stick, jar or slip and cleaning them couldn't be easier. The built-in tilt feature means that you can clean both sides of the window from inside the house.

REHAU HERITAGE VERTICAL SLIDING WINDOW

AUTHENTICITY WITHOUT COMPROMISE

A traditional look doesn't have to mean traditional security, far from it. REHAU Heritage Windows boast the very latest in security making your home even more secure.

Give your home the new lease of life that modern PVC-U technology brings to the replacement window industry, without sacrificing either style or efficiency. The low maintenance of our windows means that you won't have to spend time painting them and, combined with the improved noise reduction levels, you will be able to relax in peace and quiet.

The REHAU Heritage Window has also achieved a BFRC energy rating of B, resulting in draughts virtually eliminated and your heating bills being significantly reduced.

Skilled craftsmanship ensures the precise fitting of Vertical Sliding Windows with all the nostalgia of a bygone age.

Superbly engineered to demanding standards, REHAU Heritage Windows will give your home real style and will last for years and years.

To find out more about the real difference it could make to your home, just contact us. We'll be delighted to give you the benefit of our advice and help you make the right choice for your home.

Our verbal and written application engineering advice is based upon experience and the best of our knowledge. However it is to be regarded as non-binding information. Working conditions and use under conditions for which the product was not intended and over which we have no influence exclude any claim resulting from our information. We recommend that a suitable check is made as to whether the REHAU product is suitable for the envisaged purpose. Application, use and processing of the products is carried out beyond the scope of our control and are therefore carried out exclusively at your own responsibility. If liability should still apply, then this is restricted, in the case of all damage, to the value of the goods supplied by us and used by you.

Our warranty applies to the consistent quality of our products as per our specification and in accordance with our general terms and conditions of delivery and payment.
